MAINTENANCE AND CARE

CERAMIC

If you're looking for a material which requires little to no maintenance, yet offers maximum resistance, you would do well to involve ceramic. The material preserves the natural look of stone and offers top of the chart convenience. Cleaning the table with water and mild soap will do the trick!

ALUMINIUM

Aluminium has a self-protective layer, which prevents corrosion and makes this material very suitable for outdoor applications.

On top of that, it is super easy to maintain. A quick wash with a nonfoaming mild detergent every now and then is all it needs!

PROTECTIVE COVERS

We recommend using protective covers only on **dry** furniture. Available on request for the Kodo Modular.

dining chair	PC001
lounge sofa	PC003
cocoon	PC007
lounge chair	PC008
daybed	PC010
sunlounger	PC011
barstool	PC074

CUSHION

foam	dining chair	4 cm quick dry foam
	lounge	12 cm quick dry foam
	modular & deep sofa	14 cm quick dry foam
	sunlounger	3 cm polyether foam
	bar stool	2 cm polyether foam
removable	yes	
fabrics	see fabric data sheet	for more info

POLYPROPYLENE ROPE

Another material used for our all-weather furniture, is rope. Our rope is made of polypropylene fibres. Just like our other synthetic materials, the rope is designed to withstand any weather condition and can be left outside all year long.

For maintaining your rope furniture, we recommend using the fabric and upholstery protector to give optimal stain resistance.

To clean spots on the rope, we suggest applying a mist of soapy water with a spray bottle and then work the solution into the rope with a soft cloth by patting or rubbing lightly. Rinse the solution thoroughly and then blot excess moisture from the rope using a soft cloth and allow air-drying.

Never use a high-pressure hose on rope.
