LOOP SUNLOUNGER

LOOP

frame	aluminium	
frame finish	powder coated in dune white, taupe, moss, terracota, fossil grey or black	
rope	polypropylene rope or polyethylene fibre	
rope colour	**polypropylene**	**polyethylene**
	dune white	black
	taupe	
	moss	
	terracotta	
	fossil grey	
glides	nylon (matching frame colour)	

CUSHION

foam	dining chair and lounge chair	2 cm polyether foam
	sunlounger	3 cm quickdry foam
removable	dining chair and lounge chair	no
	sunlounger	yes
fabrics	see fabric data sheet for more info	

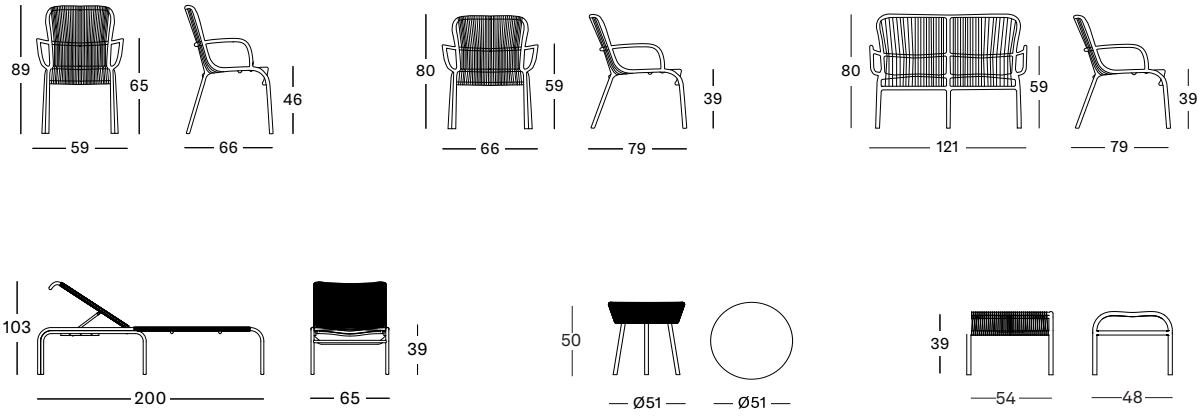

COLOURS

PROTECTIVE COVERS

dining chair (1x) PC001
dining chair (4x) PC020
lounge chair (1x) PC060

DIMENSIONS

MAINTENANCE AND CARE

OUTDOOR ROPE

Our rope is made of polypropylene fibres. Just like our other synthetic materials, the rope is designed to withstand any weather condition and can be left outside all year long.

For maintaining your rope furniture, we recommend using a fabric and upholstery protector to give optimal stain resistance.

To clean spots on the rope, we suggest applying a mist of soapy water with a spray bottle and then work the solution into the rope with a soft cloth by patting or rubbing lightly. Rinse the solution thoroughly and then blot excess moisture from the rope using a soft cloth and allow air-drying.

Never use a high-pressure hose..

SYNTHETIC WEAVE

For our all-weather outdoor collection, we use multiple synthetic materials, including polyethylene, HDPE wicker and HPL.
All our synthetic materials are specifically designed to withstand any weather conditions, are UV-resistant, and can be left outside all year long.
We recommend giving them a quick wash when dirty or every three months with a non-foaming mild detergent.

ALUMINIUM

Aluminium has a self-protective layer, which prevents corrosion and makes this material very suitable for outdoor applications.

On top of that, it is super easy to maintain. A quick wash with a non-foaming mild detergent every now and then is all it needs!
